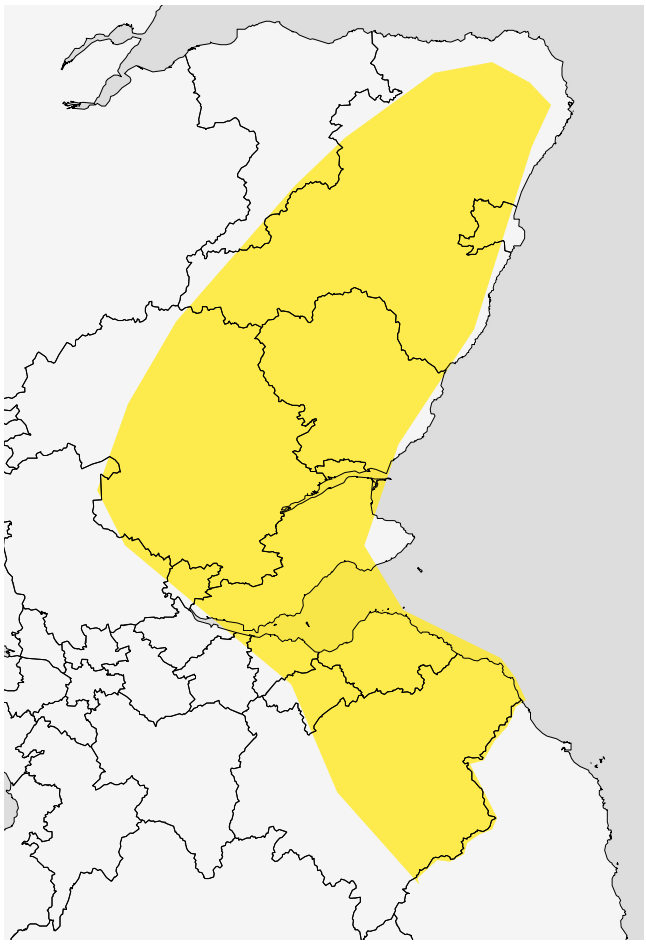
Yellow warning
Rain

Between
15:00 Thu 17 Nov 2022 and
18:00 Fri 18 Nov 2022



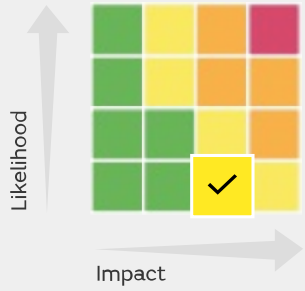
A spell of persistent, and at times heavy rainfall will develop during Thursday, continuing on Friday, leading to a risk of flooding.

What to expect

- There is a small chance that homes and businesses could be flooded, causing damage to some buildings
- Spray and flooding could lead to difficult driving conditions and some road closures
- Should flooding occur, delays or cancellations to train and bus services are likely
- There is a small chance that some communities may be temporarily cut off by flooded roads

Further details

Conditions will be wetting up through Thursday with a steady stream of showers followed by persistent rainfall later Thursday, continuing on Friday. Rainfall building up across the high ground of eastern Scotland with 50 to 70 mm expected and up to 100 mm possible across the hills of Angus and Aberdeenshire. Rain then dying out later on Friday.



Very low likelihood of medium impacts
